

Center Excellence

Vision

To provide excellence in Women's Health research in a customer friendly environment for both Sponsors and Study Volunteers.

Our Organization

- 15 year history of research in Women's Health
- University affiliation
- Well-connected to clinic, student, and general population
- Specialized recruitment team

Our facility

- Conveniently located adjacent to the University of Cincinnati, several area hospitals, and clinical practices.
- 1,615 square foot center, including 5 offices, an exam room, a specimen processing lab, and a conference room.
- Specialized equipment including: Colposcope with digital imaging; transcranial doppler; ATL HDI 1000 ultrasound with early gestation pregnancy software.

Having the tools to
meet your study
needs?
Definitely!
